[illegible]

I think the approach must therefore be to make the criminal less "technical" and a more "moral" entity, and give the judge more "moral" powers which would permit him to take into account the social, cultural and religious background of the offender in the case of any crime. I think the courts and juries are very much more "moral" than they are "technical" and I think the law should be more "moral" than it is at present.
